During February, we’ve learned about how to love our family members, our friends, our teachers and environment through a variety of activities including circle time, show & tell, and creative activities. In March, we will learn about some community helpers. Children will have the opportunities to learn about community helpers; jobs, uniforms, equipments and transportation tools. Please remember to bring your Show & Tell according to the weekly theme.

**Weekly Theme:**
- **March 6-10:** Pilot
- **March 13-17:** Doctor
- **March 20-24:** Firefighter
- **March 27-31:** Chef

The Show & Tell will be one item related to the weekly theme, including a toy, a book or a picture.

**Welcome Brenda back to our program!**

Please keep your child warm due to the varied weather condition.

Daylight Saving Time will begin at March 12.

**Happy Birthday to Kourtney!**
